Mr. Robert M. Macy Chief, International Division Durenu of the Budget Cashington 25, D. C.

Dear Mr. Macy:

This letter is in response to your memorandum of 30 October to the Executive Secretary of the USIS requesting a copy of the USIS report relating to Recommendation No. 32 of the Joint Study Group Report.

That Recommendation, as approved by the President, requires the United States Intelligence Board to review future plans and programs of each member of the community for consistency and proper allocation of effort at the beginning of each annual budget cycle, as a basis for guidance and coordination to the community and for reporting to the NEC annually.

Pursuant thereto, the UNIS has considered the attached analysis of the foreign intelligence programs of the UNIS member agencies for FY 1963 compared with FY 1962, prepared by the Coordination tail of the Director of Central Intelligence on the basis of information submitted by UNIS member agencies.

The agency programs summarized herein are based upon the tentative plans and estimates of each UEIB member agency, and are therefore subject to further review and revision in accordance with the normal budgetary process. In addition, the activation of the Defense Intelligence Agency will undoubtedly result in modifications of the military service programs as described in the attachment.

The United States Intelligence Board, after consideration of the attached analysis, has agreed to the following actions:

a. Consistent with approved Joint Study Group Recommendation No. 9, endorse in principle the need for the procurement of improved FLINT collection and processing equipment. (See page 4 of attachment.)

MORI/CDF

b. Encourage the Department of State and the Department of Defense to develop now a coordinated progress for the timely establishment of foreign service and attache coverage of all of Africa, and to review such coverage for Latin America. (See page 18 of attachment.)
